

Schools Animal Ethics Committee

ILLNESS, INJURY, DEATH OR UNEXPECTED INCIDENT REPORT (Form C2)

Send this form to the Schools Animal Ethics Committee (SAEC) Executive Officer promptly when an animal:

- 1. becomes ill or injured requiring veterinary treatment;
- 2. is euthanised or dies in unusual circumstances; or
- 3. escapes, is lost or there is an unexpected incident causing harm (e.g. vandalism or predator attack).

If you are unsure whether a report is required, contact the SAEC Executive Officer on 9402 6106.

Egg hatching activity: This form is *not* required for unhatched eggs or where a chick dies, without intervention, soon after hatching (e.g. within a day). When a chick dies soon after hatching, this should be recorded on the **Activity Completion Report** with an explanatory comment in the **Issues** section.

Attach the **Animal Use and Monitoring Records** for the period leading up to and directly after this incident.

Application No.

Date of Activity

School or College

Teacher or lecturer in charge
(Name)

Animal species
(Number if more than one)

Summary
Briefly explain the incident, signs of illness, injury, death or abnormal behaviour etc.

Conditions
What were the environmental conditions at the time? Did the conditions contribute to the illness or incident?

Action taken
If a veterinarian was consulted, provide details of name of veterinary practitioner, date and nature of consultation, and outcome of consultation.

Cause

Explain veterinary diagnosis or provide your own opinion on the cause of the illness or incident.
